Good afternoon GC06,

I trust everyone not only had a great meeting but was able to take a lot information back to your stores. Remember information with out action is worthless.

At our next meeting we will be discussion the take a way from this meeting. Dealers and GM's, if your managers will not be attending, you need to be prepared to discuss what has been accomplished.

It was great seeing everyone and look forward to the next time.

Dealers and GM's, if your managers that attended are not on this email, please forward to them

Best regards,

Greg Joutras
