

Service Advisor *Best Practices* Checklist

Dealership Name _____

Group _____

Before the service visit

X or ✓ = Yes

1. Do you have someone other than the service advisor making service appointments?
2. Are service histories of appointments pulled ahead of arrival and reviewed?
3. Do you pre-write the RO (with suggestions) before the customer arrives?
4. Do you post appointment customer names in the service write-up area for all to see?

Once the customer arrives

5. When a customer arrives, is someone greeting them immediately?
6. Does the person greeting them take down their name, mileage and VIN?
7. Does the person greeting them acknowledge their appointment?
8. When the service advisor meets with the customer, do they have a RO and service history?
9. Does the service advisor walk around the customers' vehicle with them almost 100% of the time?
10. Do your service advisor's use electronic tablets during the walk-around and sales process?
11. During the walk-around, do service advisors turn on the lights and check the bulbs?
12. During the walk-around, do the service advisors check each of the tires?
13. During the walk-around, do the service advisors or someone else raise the hood?
14. With the hood raised during the service reception, does someone take fluid samples?
15. During the walk-around, do the service advisors appraise the customer of tires, bulbs, fluids, etc.?
16. Does the service advisor write the main item the customer is in for, as the first item on the RO?
17. Does the service advisor review the service history with the customer?
18. Does the service advisor give the customer a copy of the service menu during the write-up?
19. Does the service advisor offer and ask permission to do a complimentary multi-point inspection?
20. Does the service advisor recommend additional services or special or offer specials?
21. Does the service advisor promise to follow up at a certain time with a status report?
22. Does the service advisor collect work and cell phone numbers, and email addresses?
23. Does the service advisor review the RO with the customer before asking them to sign it?
24. Does the service advisor show the customer to the customer lounge, shuttle or rental car?
25. Does the service advisors have a competitive pricing board in the write-up area?
26. Do the service advisors have tires and wheels displayed in the write-up area?
27. Do the service advisors have worn parts display in the write-up area?
28. Do the service advisors have a marquee board with specials listed in the write-up area?

After the customer has left his or her vehicle

29. Does service advisor attach a multi-point inspection (MPI) form to the RO, or is it electronic?
30. When techs get RO and vehicle, is the MPI done right away and findings sent to service advisor?
31. Do service advisors have a uniform pricing guide for quick estimates?
32. Do techs, service advisors and parts have radios or phones to communicate with each other?
33. Does the service advisor immediately communicate MPI findings to the customer?
34. Do the service advisors give customers updates and status reports?
35. Do your service advisors immediately close the RO, or approve it before it is closed?
36. Do service advisors notify customers when the job is finished, explain and give the final cost?
37. If the customer is not waiting, can the SERVICE ADVISOR email the completed RO to the customer?
38. Do service advisors confirm customers' pickup times and give them instructions for pickup?

When customers pick up their vehicle

39. Do the service advisors see the customer when they come to pick up their vehicle?
40. Do service advisors go over work done on the vehicle and review findings/recommendations?
41. Do the service advisors cashier their own tickets?
42. Do the service advisors schedule the next service appointment with the customer?
43. Do the service advisors walk the customer to the cashier?
44. Do the service advisors arrange for the vehicle delivery, or parked in a convenient space?
45. Do the service advisors deliver the vehicle to the customer themselves?
46. Do service advisors ensure customer vehicles are as clean as, or cleaner than when brought in?

After customers have left with their vehicle

47. Does the service advisor, (or someone) follow up after every visit to be sure of satisfaction?
48. Does manager or someone review every RO, every day, and go over with SERVICE ADVISOR?
49. Do you furnish daily (or weekly) reports to service advisors on their ELR and FRH/RO?
50. Do you track MPI additional service recommendation (ASR's) averages, by tech?
51. Do you track MPI ASR sales and closing ratio averages by SERVICE ADVISOR?
52. Do service advisor's (or BDC) follow up on all unsold additional recommended services (ASR's) at a certain time after decliners leave?
53. Do you post monthly ASR reports for techs and service advisors to see?

Give yourself two points for every "yes" answer, then add up your score.

--

How close to a score of 106 are you? What is an "A" grade? What is a "B"?

- Are you a member of the *honor society*, or *just passing*?
- Do you think your score has any correlation with your sales per RO, or your CSI?
