Want to acquire more trades out of your service lane?

Want to make more profits on customers that have a high R.O.?

Want to upgrade customers and retain them in both sales and service department?

How many R.O.'s do you get a day and how much engagement do you have with these customers?

We developed a simple process-

Hangtags and a check in every "qualified" car in your service lane.

Designate a person to handle this task.

The night before you see your service appointments and cherry pick the vehicles/cars.

The next day an appointment manager (used car manager) prints and does the hangtags.

Follow up with a call.

Watch the magic happen

First 10 days of this month =

Purchased 7 cars

Sold 3 @ \$4450 profit per deal.

Easy.

Simple.

Gets Results.

***if we make the deal prior to RO being paid, we pay the service advisor as if they had the job via the recon process. If we dont keep the car- we still pay them as if we did!**

Enjoy tax savings on your next car thanks to Instant Cash Offer!*

You could lower your state sales tax payment on your next car by redeeming your offer & purchasing your next car at the same dealership.

Your Potential
State Tax Savings

\$1,426

How Savings are Calculated:

Simply buy your next vehicle at the same dealership where you redeem your Offer.* It's that easy. For example, if you purchase a vehicle for \$25,000 and your Instant Cash Offer trade-in is worth \$10,000, you'd only have to pay state sales tax on \$15,000. It's the smart way to keep some extra cash in your pocket.

*Not available in all states. Check with dealer for eligibility. Not a guarantee of actual tax savings. Tax amounts and payments based ONLY on state sales tax rates in your state and excludes city, county or municipality sales tax amounts. Savings on sales tax are dependent on state laws, owner status and state of registration.
