AGREEMENT FOR REPAYMENT OF LOAN

THIS AGREEMENT is entered into between Puklich Chevrolet, Inc. ("PCI") and Service Technician ("Employee") on 08/01/2025.

PCI agrees to financially assist in the employee in reducing their outstanding loan and the acquisition of the necessary tools for the job.

Employee agrees to use the skills from this training for the benefit of PCI and agrees to the loan repayment terms:

1. Upon graduation from the NDSCS automotive technology program and 90 days of active employment with PCI, a loan will be made to the employee for the same amount as the Employee's outstanding student loan. A PCI check will be drafted to the bank that holds the Employee's student loan for payoff.
2. Employee will give PCI supporting documents that demonstrate the student loan balance has been satisfied. If the supporting documents sufficiently show satisfaction, PCI will forgive \$1,000 of the student loan.
3. At the employee's discretion, Puklich Chevrolet would purchase up to \$5,000.00 in job-related tools as an additional loan. The tools loan and student loans would be consolidated into one loan that would be eligible for forgiveness.
4. For each month of continued employment at PCI, after 90 days of full time employment, PCI will forgive an amount equal to a 60 month repayment schedule of the amount of the outstanding loan balance and will be processed in payroll as a fringe benefit until the loan is paid in full. The length of payments will not exceed 5 years.
5. In the event the Employee or PCI terminates the Employee's employment, employee shall owe to and repay PCI within 10 days of the termination any and all outstanding loan balances on this loan.

This agreement is not a contract of employment and does not alter or amend the "at will" status of the Employee. Employee remains as an "at will" employee. The parties acknowledge this is a loan of money and a repayment agreement.
